INTRODUCTION

The Animal Welfare Board of India is the country's apex institution for promoting the welfare of animals. Established in 1962 under Section 4 of the Prevention of Cruelty to Animals Act, 1960 (No. 59 of 1960), the Animal Welfare Board of India was started under the stewardship of Late Smt. Rukmini Devi Arundale, well known humanitarian. From ensuring that animal welfare laws in the country are diligently followed, to providing grants to Animal Welfare Organizations and advising the Government of India on animal welfare issues, the Board has been the face of the animal welfare movement in the country for the last 46 years. The Board consists of 28 Members. The term of office of Members is for a period of 3 years.

After the reconstitution of the Board on 29.11.2007, Maj. Gen. (Retd.) Dr. R.M. Kharb, AVSM, was re-appointed as Chairman of the Board while a new Secretary, Shri D. Rajasekar, IFS joined in Oct, 2007.

The Animal Welfare Board of India continues to be country's single, largest funding organization for animal welfare work. Over 2500 NGOs including Goshalas, AWOs/SPCAs are given financial assistance to carry out Animal Welfare activities. The financial assistance is given for construction and maintenance of animal shelters, water troughs, purchase of veterinary medicines and equipment, helping goshalas and AWOs with Animal ambulances, implementation of Animal Birth Control programme for controlling Rabies and Population of stray dogs and rescue and relief to animals affected by natural calamities. Regional Seminar on 'Cow and its progeny - Prevention of Cruelty to Animals – Research and Development on Organic - Farming'

A Regional Seminar on 'Cow and its progeny - Prevention of Cruelty to Animals – Research and Development on Organic - Farming' was held on 15th and 16th March 2008, at Sri Krishna Gaushala Dowlatpur Road, Ukalan, Hisar (Haryana). Dr. Bramhachari Om Swaroop Ayurvedyacharya, Executive Committee Member, Animal Welfare Board of India was the convener for the event and Maj.Gen.(Retd) Dr.R.M.Kharb,AVSM Hon'ble Chairman, AWBI inaugurated the programme as Chief Guest. Animal welfare experts, animal scientists, policy makers and animal activists from various States attended the Seminar. The Seminar focused on various issues of Gaushala modernization, prevention of cruelty to cows and organic farming.

Training Programme on Gaushala Modernization

The AWBI extends financial support to approximately 1250 Goshalas registered with it for maintenance of cattle, providing animal shelters (including in-house Dispensary to give Veterinary treatment to sick and injured animals) and for purchase of animal ambulances. The respective State Governments also provide some grants to the Goshalas besides donations from individuals/organizations. Despite this, the financial position of most of the Goshalas is far from satisfactory, as only few of them are making use of the vast resources of bio-mass and bio-technological research that is easily available.

The AWBI has taken on itself the responsibility of modernizing the Goshalas to make them financially self sustaining through in-house training of Goshala personnel at few of the Model Goshalas. The modernization efforts specifically focus on providing training in bio-gas generation and preparation of value-added utility products like insecticides, vermi-compost and Ayurvedic
medicinal products like Panchagavya that are based on cow dung and cow urine.

A 10 day Gaushala training program on modernization of Gauhalas was conducted at Go-Vigyan Anusandhan Kendra, Nagpur, Maharashtra between August 1st and August 10th, 2007. The Training Program which had 28 participants from Gauhalas across the country provided an opportunity for the Gaushala personnel to update themselves on various issues of Gaushala management.

The Gaushala training programs conducted by the Board focused on providing training to the Gaushala personnel in:

- Preparation of vermi-compost for use in organic farming as it can increase agricultural production and rejuvenate the fertility of the soil.
- Preparation of herbal pesticides, mosquito repellants and herbal antiseptics like Phenyl using cow dung and cow urine.
- Preparation of Ayurvedic medicines like Panchagavya that use cow urine which has a role to play in the treatment of many chronic ailments.
- Production of Bio-gas using new improvised Gobar Gas Plants with plastic domes (Chinese Model) which are more efficient in gas production and need charging with cow dung once in 6 months only. This can help meet the energy requirements of households for cooking and generating electricity.
- Installation of plants for separation of methane gas and CO₂, so that Methane can be bottled / cylindered and used as fuel for vehicles and the CO₂ can be converted into dry ice for industrial use.
- Providing knowledge on breeding of indigenous breeds of cattle like Gir, Rathee, Sahiwal and Haryana.
- Production of silage (value added fodder) for feeding animals in Goshalas.
- Generation of electricity for agricultural operations like operation of water pumps and other agricultural implements using improvised bullock carts.
- Techniques for harnessing solar and wind power.
- Techniques for water harvesting.
- Methods of cultivation and use of medicinal plants.

X. ANIMAL BIRTH CONTROL PROGRAMME

AWBI Sets Up Model Participatory ABC Project in Shimla

The Board successfully set up a Model Participatory ABC Project with the Shimla Municipal Corporation and the Department of Animal Husbandry, Himachal Pradesh Government in May 2007. A Memorandum of Understanding (MOU) was signed between Shimla Municipal Corporation, Stray Dogs Birth Control Society (SDBCS) and the Animal Welfare Board of India. Through this initiative, nearly 80% of the stray dog population, i.e. 2700 dogs will be neutered and vaccinated between 1st April, 2007 and 31st March, 2009. The total population of stray dogs in Shimla and the neighboring villages has been estimated at 3500. Between 17th October, 2006 and 31st March 2007, the SDBCS had already neutered 802 dogs.

Under the terms of the agreement, the Stray Dogs Birth Control Society (SDBCS) will provide free veterinary services to Shimla Municipal Corporation and surrounding villages. The veterinary services provided would include Rabies Vaccination, spay and neuter of stray and community dogs. The SDBCS would implement best professional protocols using best medicine, asepsis and surgery techniques for the practice of CNVR. Reports of monthly accounts and
summary of work executed by SDBCS would be sent to Department of Animal Husbandry and AWBI through updations on the Shimla Municipal Corporation’s website: http://www.shimla.mc.in. Volunteers from SDBCS will administer oral bait vaccine to street/community dogs @Rs.10 per dog for a period of five years. It was decided that a monitoring Committee consisting of Chairman/Vice Chairman, AWBI, Secretary, Department of Animal Husbandry, Govt of Himachal Pradesh and Commissioner, Shimla Municipal Corporation would meet every six months to review the progress of the Pilot Project.

Under the terms of the Agreement, the Department of Animal Husbandry, Shimla Municipal Corporation, would provide all medicines, surgical equipment, vaccines and surgical instruments etc to SDBCS at a cost of Rs 170/- dog. The remaining expenditure i.e. expenses on dog catching, veterinarian’s fees, charges of animal care attenders, food, fuel, ambulance, driver’s salary and other overheads costing Rs 275 / dog would be jointly shared by the Board and SDBCS.

The Shimla Municipal Corporation would make efforts to educate the public to register and vaccinate pet dogs and also spread awareness among school children. In this connection, the Board would provide assistance to the Shimla Municipal Corporation by organizing a basic course that will be given to the concerned Municipal Corporation staff on humane stray dog population control strategies.

Board's ABC Project Launched in Tamil Nadu

The ABC Project in Tamil Nadu was implemented (vide G.O. (MS) No. 10) in 2007 and was flagged off under the guidance of Honorable Chairman, Maj. Gen. Dr. R.M. Kharb and Dr. V.N. Appaji Rao, Vice Chairman of the Board.

With this initiative Tamil Nadu becomes the first State in India where the Animal Birth Control (ABC) and Anti-Rabies (AR) programme of the Animal Welfare Board of India has been launched with 50% participation and financial contribution from the Municipal Corporations. A total of 50 municipalities in 5 corporations have participated and have accepted to perform the programme to set new milestones in the field of Animal Welfare.

Due to the sustained and committed efforts of the AWOs and the Municipal Corporations as well as the support given by the Animal Welfare Board of India, the ABC-Project in Tamil Nadu has been able to deliver results. The Tamil Nadu Government has already implemented ABC for a significant percentage of dogs planned through this scheme. It may be noted that in many parts of Tamil Nadu, the Municipalities have taken the initiative to arrange and perform the ABC/AR programme themselves by developing the infrastructure at their centers.
The AWOs, in particular, the SPCAs and the PFAs along with the active support and participation of the Municipal Corporations and State Animal Husbandry Departments have worked hard, to make the ABC Project in Tamil Nadu a successful case study for implementation of 'Participatory Animal Welfare' initiatives.

Goa enforces ABC Programme in Entire State

By an extraordinary notification issued by the Government of Goa on 14th February, 2008, Goa has become the first State in India to enforce the ABC programme in the entire State. The Goa Government has constituted an apex level State Committee headed by the Secretary, Animal Husbandry and comprising the Collectors of North and South Goa districts, the Director of Municipal Administration, the Director of Panchayats, the Director of Animal Husbandry, the Superintendent of Police and a representative of the Animal Welfare Board of India to supervise the work of the 14 municipal-level sub-committees (for the urbanized areas) and 13 taluka-level committees (for the panchayat / rural areas) for enforcement of the ABC programme in the State of Goa.

This infrastructure has been created pursuant to directives of the Bombay High Court to the State of Goa to enforce the ABC programme so as to reduce the dog population by sterilization and simultaneously eliminate the threat of rabies through anti-rabies vaccination programmes. There are presently 5 animal welfare organizations in Goa conducting ABC programmes and together they have covered over 80,000 dogs under the ABC/ARV programme during the past 6-7 years.

The Committees are responsible for the planning and management of the dog control programme and will ensure that animal shelters with necessary facilities are set up whenever required, monitor the enforcement of the ABC programme, have a 24-hour helpline, conduct survey of dogs in urban and rural areas, provide anti-rabies injections at nominal costs to persons bitten by dogs, create public awareness and provide guidelines to pet dog owners and commercial breeders. In short, the committees will ensure that the ABC programme is made operative in the entire state of Goa.

The Board’s counsel in the matter was Shri Sunil Jain, Advocate, New Delhi. The Petition clearly proves that Section 11 of the PCA, Act had been violated during Jallikattu events conducted in Tamil Nadu. The bulls that are involved in Jallikattu suffered severe and avoidable pain, bleeding injuries from the nasal region, mouth, eyes and ears due to the beatings, kicks and brutal torturing by the men who participated in this event. Jallikattu as exhibited shows a group of men or a single individual holding the hump of the animal or twisting and turning the horn and the tail. The bull suffers excruciating pain and severe injury during this process and thus the entire Jallikattu event is a direct contravention and blatant violation of Section 11 of the PCA Act, 1960. Hence, the Board appealed to the Supreme Court that Jallikattu be stopped and banned all over the Country since the bulls are made to suffer the inflictions of severe injuries.

Court Judgment

The stay order was granted by the 3-judge division bench of the Supreme Court regarding the ‘Jallikattu’ issue on 27.07.2007. This matter was again brought up for hearing on 11th January, 2008 and was heard in detail. The Supreme Court issued a ruling stating that, ‘We are not inclined to vacate the stay. Accordingly, applications for vacating stay are dismissed. However, we make it clear that if there is any Rokta Race (Bullock Cart Race), it is permissible under the supervision of the Police and the District Administration and sufficient protection should be given to the public. But there shall not be any physical confrontation between bullocks and human beings’. However, this matter was again appealed to by the Government of Tamil Nadu for considering a modification of the Court’s order dated 11.1.2008. It was pointed out that Jallikattu is a part of the religious festival of Pongal and villagers have been celebrating the same from time immemorial. It was submitted that extreme care and precautions would be taken by the District Authorities and no harm or injuries would be caused to the citizens, spectators, participants or the animals.

The Supreme Court issued an order directing the State to ensure that the guidelines are fully followed such as organizing for double-barricading, providing for a spectators gallery and ensuring that the number of participants do not exceed the limits to prevent collapse of the gallery or barricades.

Guidelines issued by the Supreme Court for the conduct of ‘Jallikattu’

- Any organization or group intending to conduct Jallikattu must inform the Collector of the respective district or the Deputy Collector of the sub-district at least three days prior to the event and secure his permission.
The district administration must take all precautions to ensure that the animals are not tortured or subjected to cruel treatment. They must also take necessary steps for the safety of the spectators and participants.

The Collector or Deputy Collector, as the case may be, shall on grant of permission for any Jallikattu event, inform the branch of the Animal Welfare Board in the district concerned, well in advance, about the event.

The concerned District Collector shall also extend co-operation to Doordarshan and the Animal Welfare Board to videograph the event.

After the event is held, the concerned Collector should give a Report within a period of two weeks to the Court.

The passageway through which bulls will pass through must have a double barricade to prevent injury to spectators.

Spectator's gallery must be made strong and secure.

Number of occupants in the gallery must not exceed prescribed limits. Safety certificate should be obtained from the local Public Works Department.

The persons who wish to bring their bulls for participation must obtain prior permission and the organizers must take care to ensure that the bulls are properly tested by Animal Husbandry Authorities, especially to ensure that performance enhancing medications like cocaine and nicotine are not administered to the bulls in any form.

The authorities must also ensure issuance of Certificate about the relative strength of the bulls from the Animal Husbandry Department officials.

Participants in the event must enroll their names, well in advance with the Revenue authorities and must undergo a thorough medical check up carried out by the physicians. The participants will be allowed to participate, only if found fit.

A mobile hospital and an ambulance with lifesaving drugs must be kept ready to rush the injured to the nearest well-equipped medical hospital, if required.

Potable drinking water and sanitation facilities must be made available by the local bodies i.e. village panchayat and block panchayat in the village where the event is scheduled.

Participants are advised to wear an outfit that permits easy recognition of contestants.

An officer, of the level of Deputy Collector or equivalent must be nominated to supervise preparatory arrangements for the event, for e.g. checking up of bulls, checking up of participants and arranging for water, sanitation etc.

Two copies of the Order showing the grant of permission to conduct Jallikattu must be communicated well in advance to the PWD, Animal Husbandry and Medical Departments, Local Bodies and Police Officers. Particulars regarding date, time and place must be clearly mentioned.
ANIMAL WELFARE BOARD OF INDIA

- A preliminary meeting between organizers and participants must be held at least one day before the event and the rules must be clearly explained to the participants. Before the organizers of the event are permitted to conduct the event, care must be taken to ensure that guidelines and restrictions issued by the Hon’ble Supreme Court will be rigorously adhered to. This is especially with reference to avoiding any cruel treatment to the bulls and ensuring the safety of spectators and participants.

- A copy of the rules, translated into Tamil must be made freely available to the public to help create better awareness about the event.

Besides this, care should be taken to ensure that prior permission is obtained for bringing the bulls and that the bulls are thoroughly tested by Animal Husbandry Authorities to rule out that performance enhancing drugs are not administered to the bulls in any form. The Court further ruled that participants are to be enrolled only after through physical and medical checkup. Fully equipped mobile ambulance with doctor on call to handle emergencies, provision for potable water and sanitation facilities and adherence to exclusive dress code were some of the other guidelines issued by the Court. The Supreme Court further directed the State Authorities that “After the event is held, the concerned Collector should give a Report within a period of two weeks to this Court. They shall follow the above guidelines strictly” and disposed the Interim Appeal accordingly.

The Jallikattu event was conducted during the Pongal festival and it was further continued by obtaining orders from the Madurai Bench of Hon’ble High Court of Madras on the guidelines of the Hon’ble Supreme Court and the case is pending in the Supreme Court of India until the next hearing.

Jallikattu in Madurai in the Madurai Bench of High Court of Madras at Chennai

A batch of cases were filed by the Petitioners seeking relief to conduct the Jallikattu / Majavirattu during the Temple Festivals in Tamil Nadu during March, 2008.

Court Judgment

In all the above Writ Petitions, the Hon’ble Court directed AWBI to be a party in this case, as the matter of Jallikattu had been filed by AWBI in the Hon’ble Supreme Court of India. The AWBI had filed a Vakalat in the above case and Shri S.R. Sundaram, Legal Advisor, AWBI was authorized to attend to the above cases on behalf of the Board. The case is pending for hearing.

Maramadi Competition

The case was filed by Idukki SPCA against the State Government of Kerala restraining the respondents to conduct any Maramadi competition / cattle race violating the instructions contained in the letter issued by AWBI dated 5th December, 2007.

Court Judgment

The case came up for hearing and the Hon’ble Court in its order dated 19th December, 2007 directed and passed the following order stating that, "There will be direction to respondents 2 to 6 to ensure that if the respondents conduct any Maramadi Competition or Cattle Race, that will be strictly in compliance with the condition imposed in the earlier judgements rendered by this Court. I also record the undertaking of the 7th respondent that whatever they do, will be in compliance with these judgements, which is also re-iterated in Para 7 of the counter affidavit.” Therefore, the above Maramadi Cattle Race was cancelled.

Cattle Races

The Board was informed that the Kakkoor Cattle Race, 2008 was proposed to be conducted during March, 2008 at Kakkoor in Ernakulam district, Kerala. The Board took up the matter with the District Collector, Ernakulam, Kerala informing the District Collector that the race should not be conducted without the strict compliance of the directions given by the Hon’ble High Court of Kerala at Ernakulam in W.P.No.37319/2007 dated 19th December, 2007.

Idukki SPCA had taken up the issue with the authorities of the District Administration highlighting various orders issued by the Government of Kerala in different matters for stopping / canceling the conduct of Cattle Races in Kerala. The District Collector had ordered that the race was banned as it violated the court directive, since the animals were not registered under the Performing Animals (Registration) Rules, 2001 and the application together with the necessary requisite documents were not submitted as per the prescribed rules.

Given below are some details of action taken by the Board in 2007-08, in relation to cruelty to performing animals as well as depiction of cruelty to animals in films and television, which calls for a more stringent implementation of the Performing Animal Rules.

The Film Sub-Committee of AWBI constituted for the purpose of screening the films under Performing Animals (Registration) Rules, 2001 had not approved the scenes of ‘Jallikattu’, as the matter was under Sub-judice in the Hon’ble Supreme Court of India, which had granted a stay order for conducting ‘Jallikattu’. Dog Breeding Rules

In February 2007, the Animal Welfare Board of India finalized a draft of the Dog Breeding Rules to ensure that basic standards of care and management are followed by breeders and traders when dogs are kept in breeding establishments. Specific objectives of the dog breeding rules include, regulating the welfare and sale of dogs and pups kept in breeding establishments and establishing the powers of inspection and records of such establishments.

Rules relating to the commercial breeding and sale of dogs, licensing procedure and licensing charges, grounds for refusal of license and housing facilities to be provided by the licensee have been presented in detail. The Rules also specify the procedures to be followed when the licenses have expired and penalties for failure to abide by the rules.

Guidelines for the breeding and sale of dogs and pups, the procedure for obtaining licenses and minimum standards of housing and veterinary care for the dogs have also been included. The Dog Breeding Rules also provide guidelines on the care to be taken during transportation of dogs, maintenance of records by breeding establishments, criteria for issue of health certificates, annual renewal of the licenses and penalties to be given to offenders.

Other key areas that have been focused on include, common breeding techniques, health rules for breeding, conditions for sale of dogs and pups, and records to be kept by owners and commercial breeders. Besides this, attention to be given during the handling and transport of animals and especially care to be taken during surface transportation and air transportation of dogs have also been highlighted.

- The breeder will keep track of all puppies produced and sold, whether pet or for show, to know how the breeding program is working.

- The buyer of the pup / dog will be liable to furnish information with regard to health problems, physical abnormalities or death of the animal on a yearly basis.

- All conditions of sale agreed upon by the buyer and breeder must be in writing.

- Puppies will not be sold unless they are 8 weeks of age and have had the required vaccinations.

- Puppies will not be displayed in public places for purpose of immediate sale.

- A breeder will not breed a litter unless he has pre-screened candidates on a waiting list for the puppies.

- Dogs cannot be sold without first being sterilized, unless they are being sold to another licensed breeding establishment.

Health Rules for breeding:
1. The dogs shall be kept in a clean, healthy and safe environment. Dogs will be given vaccinations, de-worming and necessary socialization to provide maximum mental and physical well-being.

XIX. CONCLUSION

This Annual Report marks the Board’s completion of 46 years of dedicated service in the service of the welfare of animals in India. The successful launch of initiatives like the Animal Birth Control and Anti-Rabies Programmes at the state level with active participation and support from the state Municipal Corporations marks a milestone in the progress of welfare measures for the stray dogs in India’s metros and towns. This is especially relevant in the light of reports from across the country of killing of stray dogs by some Municipal Corporations which is an issue of grave concern to the Board.

The implementation of ABC Programmes with the active participation of Municipal Corporations in the states of Himachal Pradesh, Tamil Nadu as well as Goa offers hope for a humane and more efficient participation from Municipal Corporations in effectively controlling the country’s stray dog population. Innovative projects like the launch of Karuna Upawan by the Lucknow Municipal Corporation and the construction of a mega shelter for stray dogs in Mumbai are indicative of a positive approach adopted by some of the Municipal Corporations in the large metros, in the way they have begun to resolve issues relating to the welfare of stray animals.

The revival of State Animal Welfare Boards, like those of Punjab, Madhya Pradesh and Kerala hold out promise for a more efficient way of tackling issues of cruelty to animals.
especially those that occur in small cities, districts and villages. In the coming year, the Board plans to take up this issue more actively and increase the involvement and participation of State Animal Welfare Boards in the country.

The special international workshop on ‘Concepts in Animal Welfare’ that was organized as part of the 15th Asian Regional Meeting and Conference of the Commonwealth Veterinary Association represents an increasing concern among veterinarians to play a more active in addressing animal welfare issues. The Board plans to take this up forward more actively by conducting training programs for veterinarians that will sensitize them to animal welfare issues and help them to play a more effective role in animal welfare in the country.

From the humane education angle, the Board organized an orientation programme for HAWOs (Honorary Animal Welfare Officers) and a ten day intensive programme for Gaushala personnel on modernization of gaushalas. Modernization of Gaushalas in the country by offering training programs that can help them to be self-sustaining through the production and sale of value-added products that use cow dung and cow urine is a priority for the Board. Doing so can help to significantly improve the welfare of not just the cattle but also the welfare of India’s landless and small farmers by offering opportunities for village based industries that can boost organic farming and also provide renewable energy resources as well as Ayurvedic medicines like Panchagavya. The Board plans to scale up operations for the modernization of Gaushalas in a much bigger way in the country by actively collaborating with the State Animal Husbandry Departments to promote State led initiatives in this direction.

The problem of stray cattle, illegal transportation of cattle and their slaughter and the inhumane conditions of industrial animal agriculture are issues of serious concern that the Board plans to address by monitoring and strengthening the animal welfare laws. It is hoped that State Governments, Collectors, Secretaries to Government and the Departments of Animal Husbandry along with the State Police and Animal Welfare Organisations in the country will provide adequate support to resolve these issues efficiently and thus create an active participatory, result oriented, Animal Welfare movement in the country.
